# AQUA-SIL REPELLANT S

**Penetrating Water-based Silane Sealer**

- **Excellent Water Repellency**
- **Penetrating - does not change natural surface texture or color**
- **Breathable - Stops Efflorescence Transfer / Allows Moisture to escape**
- **Improves Freeze / Thaw Stability**
- **For Sealing Porous, Mineral based Substrates Interior / Exterior**
- **Extends Substrate Life Cycle**
- **Bonds Chemically & Mechanically**
